

# SEPTEMBER 2023

# WELCOME BACK!!!!!!!

Greetings CCA Parents/Guardians,

Welcome back to Cathedral Christian Academy. I hope this letter finds you in good health and high spirits as we embark on a new school year together. It is with great joy and anticipation that we extend our warmest greetings to both familiar faces and those new to our school family.

We are excited about this school year as we will be utilizing multiple learning platforms. I am writing to emphasize the vital role that learning platforms such as IXL, Lexia Learning, and Raz-Kids play in enhancing the academic progression of students in grades K-12. As a concerned and devoted educator, I strongly believe that integrating these platforms into our educational framework can significantly benefit our students at CCA.

First and foremost, IXL, Lexia Learning, and Raz-Kids offer personalized learning experiences tailored to individual students' needs and abilities. By using adaptive technology, these platforms identify areas where students may be struggling and provide targeted exercises and lessons to help them improve. This individualized approach ensures that no student is left behind and that each one can progress at their own pace.

Furthermore, these platforms are highly engaging for students. With interactive lessons, gamified elements, and immediate feedback, they make learning enjoyable and encourage students to take an active role in their education. This not only increases motivation but also fosters a sense of ownership over their learning journey.

Additionally, IXL, Lexia Learning, and Raz-Kids provide valuable data and insights to your child's teachers and parents. They offer comprehensive reports on student performance, highlighting strengths and areas in need of improvement. This data-driven approach allows teachers and parents to intervene promptly, offer targeted support, and track students' progress more effectively. Students are **REQUIRED** to utilize the platforms throughout the week to enhance their learning. All students have received a username and password to log into the platforms.

In today's rapidly evolving educational landscape, it's crucial to embrace technology to stay competitive and provide the best possible education for our students. IXL, Lexia Learning, and Raz-Kids align with this goal, offering a modern and effective way to bridge learning gaps, boost academic achievement, and prepare our students for success in the 21st century.

CCA will continue to implement the use of these learning platforms in our educational programs. As proven in the past, doing so would absolutely contribute to the overall improvement of our students' academic experiences and outcomes.

Thank you for your time and consideration. I look forward to further discussions about how we can work together to harness the power of these valuable educational tools for the benefit of our students.

Sincerely,  
J. Johnson
