BUILDING LIFETIME ACHIEVERS ONE STUDENT AT A TIME

October 16, 2023

Greetings Parents/Guardians

Beginning October 27, 2023, students in grades 7th and above will be working virtually every Friday. The continuation of a virtual day each week is aimed at enhancing the overall learning experience for our students. As we continually strive to provide the best educational environment for our students, we believe that integrating regular virtual learning days will offer numerous advantages such as flexibility in learning, development of digital literacy, enhanced time management skills, preparation for modern work environments, and expanded course offerings. We assure you that we are committed to ensuring that all students have the necessary resources and support to succeed during virtual days. If you have any questions or concerns, please do not hesitate to reach out to us.

Sincerely,

V. McBride, Director of Education
